### Federal Update for Connect Transit Prepared by Cardinal Infrastructure August 27, 2019 Board Meeting

### **FAST Act Reauthorization**

The Senate Environment and Public Works (EPW) Committee released its portion of the surface transportation reauthorization bill on July 29. The bill would increase spending by 27% over five years, from Fiscal Year (FY) 2021 through 2025.

From the Committee's bill summary, the bill:

- Provides \$287 billion in contract authority from the highway account of the Highway Trust Fund.
- Maintains the FY 2020 amount of surface transportation block grant program funding suballocated to metropolitan areas.
- Authorizes \$5.5 billion for FY 20-25 for the Infrastructure for Rebuilding America (INFRA) grant program.
- Broadens the Federal Lands Transportation Program eligibility and requirements.
- Establishes a \$3.3 billion competitive grant program for structurally deficient bridges.
- Expands the Safe Routes to School Program to apply the program through 12th grade to enable and encourage high school students to walk and bike to school safely.
- Provides supplemental funding for investments in transportation safety.
- Codified the Administration's One Federal Decision Executive Order to streamline environmental review.
- Provides supplemental funds to invest in transportation improvements to reduce carbon emissions.
- Establishes a new \$1 billion discretionary grant program for charging and fueling infrastructure along designated alternative fuel corridors (language from the Clean Corridors Act).
- Provides for a study on vehicle-to-infrastructure communication technology, studying immediate and long-term safety benefits.
- Establishes a pilot program to conduct emerging technology research.

In the Senate, three other committees must provide their portions to make up the surface transportation reauthorization bill - the Senate Committee on Finance, Senate Banking Committee and Senate Committee on Commerce, Science, and Transportation (Commerce). The Senate Committee on Finance has the responsibility of coming up with revenues to pay for the authorized funding levels provided in the Senate Banking Committee's transit portion, Senate EPW Committee's highway portion, and Senate Commerce Committee's safety and interstate commerce portion. There is disagreement on how to pay for the bill and maintain the solvency of the Highway Trust Fund. Though not a revenue source, the Senate EPW Committee bill "provides funding to test the feasibility of a road usage fee or other user-based alternative revenue mechanisms that preserve a user fee structure to maintain the long-term solvency of the Highway Trust Fund."

### **Senate EPW Markup**

The Senate EPW Committee considered S. 2302, America's Transportation Infrastructure Act - the Committee's highway portion of the surface transportation reauthorization bill, addressed above. The bill passed unanimously on a 21-0 vote. The Committee also passed S. 1992, "A bill to amend the FAST Act to repeal a rescission of funds." The bill repeals Section 1438 of the FAST Act which would rescind a

total of \$7.5 billion of unobligated balances of funds apportioned to states on July 1, 2020. The language of S. 1992 is included in S. 2302.

Senator Duckworth (D-IL) offered an autonomous vehicle (AV) impact study amendment that would require relevant federal agencies, led by the Federal Highway Administration (FHWA), to study the impacts of AVs on current and future transportation infrastructure.

Senator Braun (R-IN) indicated he would offer a Buy American amendment to "make sure transportation infrastructure is not built with steel imported from China." The amendment tightens requirements by codifying the Buy American Hire American Executive Order, eliminates blanket Buy American waivers, and instructs the Secretary of Transportation to review federally funded infrastructure programs to see where Buy American can be strengthened.

Senator Rounds (R-SD) offered an amendment, but it was not voted on yet, that would add biofuel and propane powered vehicles to eligible alternative fuels in the Section 1401 grant program for charging and fueling infrastructure.

### **CIG Program Hearing**

The House Transportation and Infrastructure Committee's Subcommittee on Highways and Transit held a hearing titled, "Oversight of the Federal Transit Administration's Implementation of the Capital Investment Grant (CIG) Program." Federal Transit Administration (FTA) Acting Administrator Jane Williams testified. The second witness panel included Bob Alger, President and CEO, Lane Construction Corporation, on behalf of American Road & Transportation Builders Association; Tom Gerend, Executive Director, The Kansas City Streetcar Authority; and Paul Skoutelas, President and CEO, American Public Transportation Association.

The majority's staff memo to the subcommittee provided information discovered during the Transportation and Infrastructure Committee's investigation into the CIG program. The graphs illustrate, according to majority staff, that "transit agencies face significantly longer timeframes for decision-making by FTA under this Administration...FTA actions have resulted in at least \$845 million in extra costs for transit agencies...The federal cost share for New Starts projects is shrinking...Project sponsors are waiting longer for approval to use streamlining tools [such as a Letter of No Prejudice (LONP)]...Transit agencies and FTA are working from different timelines."

Subcommittee Chairwoman Norton (D-DC) opened the hearing by mentioning comments made by mayors and transit agencies, frustrated with the pace of FTA, its lack of timely communication, and slow approval of project milestones. Furthermore, Norton emphasized the negative reaction stemming from the FTA's Dear Colleague letter (which announced a new policy on TIFIA loans in financial plans treating them as part of the federal, not local, share even though the loan is repaid with local dollars), stating concern over the Administration's attempt at decreasing its share in projects, and penalizing metroareas under the guise of geographic diversity. Norton said she is interested in reviewing the program and potentially making changes during reauthorization of the surface transportation bill.

Committee Chairman DeFazio voiced his disappointment in the Administration's attempt to cut or under-fund the CIG program and other critical infrastructure programs. He noted that FTA's written testimony "paints a rosy picture" of its actions, remarking how it's taken 44% longer to obtain approval for LONPs.

Acting Administrator Williams, in her oral testimony, responded to a number of these comments by saying, "FTA is moving projects through the CIG program in accordance with the statutory requirements. The timing of construction grant awards depends heavily on project sponsors completing necessary work to meet those statutory requirements." Williams added, "Frequently, we see proposed CIG projects delayed by challenges at the local level."

In defense of the LONP process, Williams indicated this FTA action is being communicated at the local level as the commitment of funds to the project, when that is not the case. Williams also said that the project must meet the high scrutiny of the program before an LONP is signed.

Williams later responded to another question on the CIG Dear Colleague letter, noting it was "FTA's attempt to be transparent about discretionary decisions about grants" and that the letter was not in conflict with the current law. Williams said that project funds are treated as CIG funds versus non-CIG funds and "repayment doesn't factor in"; however, she emphasized that it is a discretionary program, "so when the Department looks at funding, they look at the totality of the federal investment, and so they look at everything that's being asked for from the federal government."

Chairman DeFazio challenged FTA's apparent practice and internal policy of requesting project sponsors to decrease the federal share to less than 40%, while the current share is 50%. In a heated exchange, DeFazio asked Williams to say whether sponsors are "being bullied" into increasing their local match and if FTA is willing to approve a project that has a federal share above 40%. While first attempting not to say yes, Williams noted the practice in the Bush and Obama Administrations and the position of using a blend of funds for projects; however, she then answered in the affirmative when pressed by DeFazio.

Neither Norton nor DeFazio appeared satisfied with the Acting Administrator's testimony or responses to questions. Republicans mostly steered clear of the committee's investigative report and focused more on working together on a surface transportation reauthorization bill, and asking the Administrator to provide ways in which the committee could further assist FTA on CIG or other programs.

In the second panel, APTA CEO Paul Skoutelas testified that "Unfortunately, over the past two decades, both Congress and FTA have repeatedly layered additional requirements on the CIG program, resulting in a bureaucratic maze." He noted APTA's concern that "many New Start project sponsors believe that FTA is strongly encouraging significant "local overmatch" of the federal CIG share." Skoutelas urged Congress to "establish a fixed CIG share for New Start, Core Capacity, and Small Start projects."

### **Budget and Debt Limit**

On August 2<sup>nd</sup>, President Trump signed a \$2.7 trillion budget agreement that increases the discretionary budget caps for FYs 2020 and 2021, as well as suspends the debt ceiling until July 31, 2021. This agreement prevents cuts in non-defense discretionary spending, which otherwise would have been cut by approximately \$54 billion; instead, the new agreement increases the non-defense budget cap by \$24.5 billion to \$621.5 billion in FY 2020, and by \$5 billion to \$626.5 billion for FY 2021.

The House has marked up all 12 appropriations measures, passing 10 before the budget agreement was reached. According to <u>Congressional Quarterly</u>, due to the House levels used by the appropriators, the House will "need to cut about \$15 billion in spending from nondefense accounts and increase defense discretionary spending in their bills by \$5 billion." This will be done in conference with the Senate passed spending bills.

### White House Veto Threat

The White House issued a Statement of Administration Policy (SAP) with respect to the House FY 2020 minibus which includes the Transportation-HUD spending measure. The veto threat identifies a number of the Administration's provisions of concern with respect to all bills in the package. With respect to the Transportation-HUD appropriations bill, the SAP identifies the CIG program; it provides:

The Administration opposes policy provisions, as well as overly prescriptive administrative provisions, that contravene the current law, regulations, and guidance of the CIG program. The Administration believes that funding allocations should be made based on defined criteria and that the directives in the bill that affect local cost share, contingency funding requirements, and pre-determination of project award selection would cause taxpayers to assume more risk for complicated, multiyear projects.

### **FAST Electricity Act**

Senator Cantwell (D-WA) is working on introducing the FAST Electricity Act next month, once a Republican cosponsor is on board. The goal of the legislation is to "accelerate electrification of the entire U.S. transportation system" and "boost pioneering U.S. companies." The bill creates a 30% tax credit for electric vehicles that are not passenger vehicles (e.g., trucks, buses); provides a 30% federal tax credit for recharging and hydrogen refueling stations; and provides loan guarantees to support capital investment in domestic manufacturing capacity.

### **GAO Report**

The Government Accountability Office issued a report titled, "Federal Transit Administration Could Improve Information on Estimating Project Costs." The report examines stakeholders' views on factors that affect rail transit project costs; including, project design decisions, legal requirements, community and political environment, general and local market conditions, site characteristics, and project execution. The report also examines approaches used to manage costs. Though tailored to rail projects, much of this information can be used for bus and road projects.

### **Low-No Grant Program**

The U.S. DOT and FTA announced \$84.9 million in grant selections under the Low or No Emission Vehicle (Low-No) grant program; awarding funding to 38 projects across 38 states. Among the awardees, the Greater Peoria Mass Transit District received \$2.3 million "to purchase electric vehicles to replace vehicles at the end of their useful life."

### **Bus Coalition**

On July 17<sup>th</sup> the Bus Coalition held an event on Capitol Hill with the bipartisan Congressional Bus Caucus to highlight the technology and innovations now used in transit buses, including battery electric buses. The event was intended to showcase new bus technology and emphasize the necessary funding for the Buses and Bus Facilities and Low-No grant programs. The press conference included remarks from Bus Coalition President Bill Carpenter, Bus Caucus Co-Chairs Congressman Larsen (D-WA) and Congressman LaHood (R-IL), APTA President and CEO Paul Skoutelas, CTAA Executive Director Scott Bogren and representatives from New Flyer and Complete Coach Works.

### Personnel

Derek Kan, Under Secretary for Policy at U.S. Department of Transportation, is now Executive Associate Director at the White House Office of Management and Budget. Joel Szabat, Assistant Secretary for Aviation and International Affairs, is acting in Kan's role.

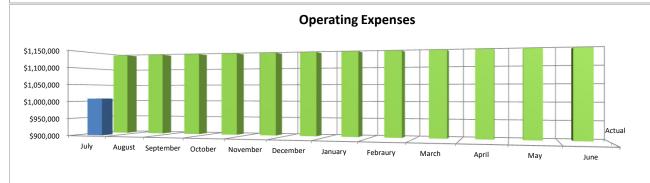

Felicia James is now Associate Administrator for FTA's Office of Planning and Environment, overseeing transit and transportation planning and environmental activities and the CIG program, among other responsibilities. Ms. James previously worked as the Leader of the Program and Policy Development Team and Manager in the Office of Project Development and Environmental Review at FHWA.

### **MEMO**

**DATE:** August 27, 2019

TO: Board of Trustees

FROM: Jeff Holtke, Marketing and Business Development Manager

**SUBJECT:** Recommendation for Marketing and Communications Plan FY2020

RECOMMENDATION: That the Board approve the Marketing and Communications Plan for FY2020.

BACKGROUND: A major objective in Connect Transit's Strategic Plan is to continue building a marketing and communication plan. As in years past, there have been several different ways of promoting the Connect Transit message; however, it was not consistent until FY2018. In FY2018 we began the #GetConnected With Connect Transit campaign and used across all platforms. In FY2020 staff will continue to promote the #GetConnected tagline throughout our campaigns.

Over the last few years, Connect has advertised with various outlets from previews at movie theatres to radio and television. This year staff will focus on following a similar path on radio as has been done in the past.

Connect will continue to promote a consistent message through all marketing efforts in FY2020. The #GetConnected tagline will be used again in our marketing message. Staff will work with our advertising partners to help increase ridership and app downloads. Overall, this plan follows a very similar path to what has been done in the last several years while mixing in a few new elements to help raise brand awareness in new areas that have not been explored.

DISCUSSION: Connect Transit received proposals from each of the major radio groups, one (1) local television station and many smaller entities. This Marketing Plan will allow Connect to gauge the effectiveness of prior plans along with mixing in new components. Multiple radio stations have begun focusing on digital advertising and exhibiting a presence on several of Connect's partners' websites will help drive more traffic to Connect's website, in addition to helping current riders and potential riders find more information on riding. After laying out the FY2020 Marketing Plan, funding remains for other opportunities that may arise for Connect Transit to consider throughout the remainder of the year.

## COMMITMENT TO EQUAL EMPLOYMENT OPPORTUNITY

We value diversity and the many contributions that are made to our company by people from all walks of life. Therefore, it is our policy not to discriminate against any employee or applicant for employment because of race, color, religion, age, sex, sexual orientation, national origin, pregnancy, disability or any other attribute or characteristic protected by law. The policy not to discriminate in employment includes, but is not limited to, the following:

- Connect Transit will employ those applicants who possess necessary skills, education, and experience, without regard to race, color, religion, age, sex, sexual orientation, national origin, pregnancy, disability or any other attribute or characteristic protected by law.

- Connect Transit will establish rates of pay and terms, conditions, and privileges of employment without regard to race, color, religion, age, sex, sexual orientation, national origin, pregnancy, disability or any other attribute or characteristic protected by law.

## **OPEN DOOR PHILOSOPHY**

Connect Transit strives to maintain an informal environment with an "open-door" policy so that, should employees have suggestions as to ways to improve our company, or should a problem arise, employees can feel free to openly discuss these problems with management. This is an atmosphere where each employee can go directly to management to discuss any question or concern which may arise. Management believes that any problem, whether large or small, can best be resolved by open and direct discussion.

Management is unable to address employee suggestions or concerns unless employees voice them, so management encourages employees to pass concerns and suggestions along to the supervisor. Suggestions for ways to improve the company are always encouraged.

Each employee who has a problem or concern with the company should feel free to address these concerns with their supervisor(s). If, however, due to the circumstances you are unable to address your concerns with your supervisor, please speak with your department manager or General Manager.

Likewise, employees who have reason to believe the employee has experience or witnessed conduct that is inconsistent with Connect Transit policy or that the Connect Transit has committed any violation of a policy, rule, or regulation, or other improper or unlawful conduct shall immediately report information concerning the alleged violation to General Manager.

Connect Transit will not retaliate against an employee for making complaints under this policy or for an employee's decision to by-pass his/her immediate supervisor.

# **BUSINESS PRACTICES**

## **AMERICANS WITH DISABILITIES ACT**

Consistent with the Americans with Disabilities Act (ADA), Connect Transit will not discriminate against applicants and individuals with disabilities and is committed to providing reasonable accommodations to applicants and employees who are qualified for a job so that they may perform the essential job duties of the position. Employees shall make requests to Human Resources for reasonable accommodations.

Connect Transit will reasonably accommodate qualified individuals with a disability so that they can perform the essential functions of a job unless doing so causes a direct threat to these individuals or others in the workplace and the threat cannot be eliminated by reasonable accommodation and/or if the accommodation creates an undue hardship to Connect Transit. Any questions or requests for accommodation should be directed to Human Resources.

#### **PREGNANCY**

An employee who is pregnant, recovering from childbirth, or has a condition related to pregnancy has the right to ask for a reasonable accommodation. This includes bathroom breaks, assistance with heavy lifting, a private space for expressing milk, or time off to recover from pregnancy. Connect Transit may request medical documentation supporting the need for a workplace accommodation and will provide an accommodation to the extent such accommodation does not pose an undue hardship on the ordinary operation of the business of the company.

## HARASSMENT POLICY

## **Definition of Harassment / Sexual Harassment**

Consistent with its policies of equal employment opportunity, Connect Transit prohibits any type of harassment by and of its employees. This policy forbids any employee, supervisor, elected official, appointed official, vendor, client, customer or other person to harass any Connect Transit employee. Connect Transit shall take appropriate action, up to and including dismissal, for violations of this policy by employees.

In general, harassment means persistent and unwelcome conduct or actions directed at one or

more individuals based on an employee's protected status under state and federal law. The conduct forbidden by this policy specifically includes, but is not limited to:

- Epithets, slurs, negative stereotyping, or intimidating acts that are based on a person's protected status; and
- Written or graphic material circulated, available on the computer system, or posted or distributed within the workplace that shows hostility toward a person or persons because of their protected status.

Sexual harassment is one type of harassment and includes any harassing conduct based on gender, regardless of whether the conduct is sexual in nature. Any unwelcome conduct based on gender is also forbidden by this policy regardless of whether the individual engaged in harassment and the individual being harassed are of the same or different genders.

Unwelcome sexual advances, requests for sexual favors, or other verbal, physical, or visual conduct based on sex constitute sexual harassment when:

- 1. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment;
- 2. Submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual; or
- 3. Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive working environment.

It is the responsibility of all employees to promote and maintain a professional workplace and which treats all of those who work here with dignity and respect. In accordance with this objection, **CONNECT TRANSIT WILL NOT TOLERATE ANY VERBAL OR PHYSICAL MISCONDUCT, GESTURES OR ANY TYPE OF COMMUNICATION CONSTITUTING HARASSMENT**.

## **Reporting Procedure**

Any employee who believes he or she is being harassed or any employee who comes aware of harassment, is required to promptly notify the Human Resources Department either in person or by phone at 309-829-1122. Supervisors should make reasonable attempts to ensure an environment is consistent with this policy including reporting any suspected violations directly to the Human Resources Department.

Upon notification of a harassment complaint, every step will be taken to conduct a confidential and impartial investigation which may include direct interviews with involved parties and, where necessary, with employees who may be witnesses or have knowledge of matters relating to the complaint. The parties of the complaint will be notified of the findings.

CONNECT TRANSIT REQUIRES ALL OF ITS EMPLOYEES TO IMMEDIATELY REPORT ANY VIOLATION OF THIS POLICY OR ANY INSTANCE OF SUSPECTED WORKPLACE HARASSMENT. THOSE EMPLOYEES WHO MAY NOT PERSONALLY EXPERIENCE HARASSMENT BUT WHO KNOW OR

BELIEVE THAT SUCH BEHAVIOR HAS OCCURRED SHOULD IMMEDIATELY BRING THIS TO THE ATTENTION OF THE COMPANY AS WELL. THIS INCLUDES REPORTING INAPPROPRIATE ACTIONS OF NON-EMPLOYEES WHILE ON COMPANY PROPERTY OR SUCH CONDUCT OFF-SITE IF IT OCCURS IN A BUSINESS CONTEXT.

This reporting process is important to the Company. At the same time, the purposes of this policy are not furthered where a complaint is found to be false and frivolous and made to accomplish some other end than stopping harassment. A complaint that is determined to be false and frivolous can result in a severe level of discipline or discharge. A false or frivolous complaint does not refer to complaints made in good faith that cannot be proven.

Any employee who is found to have violated this policy, or a supervisor who has failed to report a violation of this policy, will be subject to disciplinary action, up to and including immediate termination from employment with Connect Transit.

Regardless of the means an associate may select for resolving the problem, the initiation of a complaint of harassment will not adversely reflect on the complainant nor will it affect his or her employment, compensation or work assignments. Nothing in this policy should be interpreted to prohibit a supervisor or manager from insisting on satisfactory work performance from an employee.

Employees are encouraged to use the above reporting process in this policy to report and resolve their complaints of harassment or retaliation. The filing of a complaint under the procedures described above shall not limit, extend, replace or delay the right of any person to file a similar complaint or charge with any appropriate local, State, or federal agency or court. These include:

Connect Transit employees are expected to accept certain responsibilities, adhere to acceptable business principles, and exhibit a high degree of personal integrity at all times. A primary purpose of Connect Transit's Code of Ethics is to increase the level of sensitivity of all employees to the

existence of any questionable actions and to encourage them to not only raise questions about such actions but to report them to their superiors or to the Human Resources Director.

## **Quality of Service**

We will treat all members of the public with respect, provide them with the highest level of attention and quality of service and strive to achieve excellence in everything we do for them.

## **Conflict of Interest**

We will refrain from and avoid all conflicts or appearance of conflicts between our own private interests and our responsibilities and performance of our duties on behalf of Connect Transit.

## **Compliance with Laws and Regulations**

We will strictly follow all State of Illinois and Federal Government laws, standards and regulations respecting the service of the public.

## **Employee Relations**

We shall treat all people with respect, dignity and courtesy.

## **CONFLICT OF INTEREST**

Connect Transit expects that all employees will conduct themselves with the highest degree of personal and professional integrity. Interactions with Connect Transit vendors, contractors and the public must be conducted in a manner consistent with Connect Transit's obligations to the public. Connect Transit employees may not offer, solicit or accept bribes, gratuities, product bonuses, special fringe benefits, discounts, unusual price breaks, or other windfalls in Connect Transition with their duties. Promotional plans that could give rise to the appearance of a conflict of interest require written approval from General Manager and must be within the guidelines of the state Gift Ban Act.

Except as otherwise authorized or provided by the *Illinois Compiled Statutes*, a Board Resolution or action of the Board, employees are expected to develop and maintain constructive working relationships with co-workers, the public, vendors and contractors. However, if employees have any personal interest in Connect Transit transactions, contracts or other business over which they have any influence as a result of their employment with Connect Transit, it is imperative that they disclose such interests to the Human Resources Director as soon as possible. Connect Transit can establish safeguards to protect all parties from the existence of any actual or potential conflicts of

interest.

Situations that may pose a conflict of interest must be reported to the Department Head by the employee immediately. However, honoraria or expenses paid for papers, talks, demonstrations or appearances made by employees on their own time shall not be deemed as a violation of this section provided such activity is approved by the General Manager.

## **GENERAL RULES OF CONDUCT**

It is the purpose of this policy to provide a framework for the proper conduct of Connect Transit employees while on the job. Employees are expected to maintain reasonable standards of conduct, behavior and performance, display a proper regard for the welfare and rights of other employees, customers, businesses, and the public. When employees fail to meet these standards of performance or violate the reasonable rules of conduct, they may be dismissed, demoted, suspended, reprimanded or otherwise disciplined as the circumstances warrant. It is further intended that discipline, where justified, be meted out in an equitable manner. Finally, it is intended that within very broad and general guidelines, the Department Head and authorized supervisors are responsible for the implementation of this policy within their specific jurisdictional work areas.

- A) Supervisors provide new employees with information regarding existing work rules and expectations during the employee's initial orientation and at the end of the evaluation period. In addition, supervisors will discuss departmental rules with new employees and periodically with all employees as the need arises.
- B) To ensure orderly operations and provide the best possible work environment, Connect Transit expects employees to follow rules of conduct that will protect the interests and safety of all employees and the company. All active employees are covered under this policy. It is not possible to list all forms of behavior that are considered unacceptable in the workplace. The following are examples of infractions of rules of conduct that may result in disciplinary action, up to and including termination of employment. The list is not intended to be exhaustive.

## **DISCIPLINE**

Discipline may include the following actions:

• **Coaching**—Primary method to improve work performance and develop employees for potential advancement within the company. Goal is to clarify needs, expectations and roles and offer additional assistance to employees so they can be successful in the work

- environment. It may also include a review of the employee's job description.
- Oral Reprimand/Warning—Formal discussion in which the employee is verbally advised regarding some act(s) of improper conduct, performance deficiencies or violation of a regulation, rule, etc. The documentation is noted in the supervisor's file on that employee as well as the employee's personnel file.
- **Written Warning**—Formal written statement completed by the employee's supervisor or his/her designee containing a description of an offense or performance deficiency. Where appropriate, the report should also contain written objectives for performance improvement including a timetable for attaining these objectives.
- **Disciplinary Suspension**—For (potentially) serious infractions of policies, procedures, values, mission and/or vision of Connect Transit, an unpaid suspension may be invoked by Connect Transit's General Manager/designee. An employee may be placed on an interim paid or unpaid suspension while the investigation is carried out, which shall not be considered disciplinary action.
- **Discharge**—Taken after previous discipline and expected improvement has not resulted and/or an employee commits an offense that impacts their continued employment cannot be tolerated regardless of previous work history. Discharge results in complete separation from further employment.

Connect Transit generally follows a progressive discipline policy. The supervisor, the Department Head and/or the General Manager have the discretion to select the appropriate level of correction for unacceptable employee behavior based on the issues being considered for discipline.

A formal Employee Performance Improvement Plan may be suggested/or mandated depending on the issues/behaviors surrounding the (potential) disciplinary action. The Department Head will coordinate with Human Resources to implement a Performance Improvement Plan.

Documentation concerning written disciplinary actions shall be placed in the employee's personnel files. Employees shall also be required to acknowledge receipt of any written reprimand or warnings by signing the Disciplinary Action Form. Signing the Disciplinary Action Form is not, however, considered an acceptance of or agreement to the action taken, only receipt of said discipline.

Employees who feel that they have been disciplined unfairly are encouraged to first discuss the matter with their supervisor or Department Head. If this does not result in a satisfactory resolution, employees may discuss the matter with Human Resources.

## DRUG AND ALCOHOL-FREE WORKPLACE POLICY STATEMENT

Connect Transit believes that the use of illegal drugs and the use of alcohol are not appropriate in the workplace and is committed to maintaining a drug-free workplace as required by the Drug-Free Workplace Act of 1988. All Connect Transit employees will receive a copy of the company's Drug and Alcohol-Free Workplace Policy, acknowledge receipt and will receive annual re-training.

Employees must abide by all of the provisions of this Policy (except that this Policy does not supersede rights established under any collective bargaining agreement). The following conduct is strictly prohibited:

- Use, possession, manufacture, distribution, dispensation, or sale of any illegal drugs or alcohol on Connect Transit premises, while engaged in company business, in company supplied vehicles, or during work hours.
- The distribution, dispensation or sale of prescription drugs on company premises while engaged in company business, in company supplied vehicles, or during work hours.
- Possession of illegal drugs or alcohol in a locker, desk, vehicle, or other repository on company premises, or in company supplied vehicles.
- Being under the influence of illegal drugs, or a legal drug without a valid prescription or contrary to the valid prescription on company premises, while engaged in company business, in company supplied vehicles, or during work hours.
- Testing positive for illegal drugs or illegal drug masking agent.
- Switching or adulterating any sample submitted for testing or submitting a false sample for testing.
- Use, possession, sale or distribution of alcohol, or being under the influence of alcohol, as defined in the substance abuse testing procedure, on company premises, while engaged in company business, in company supplied vehicles, or during work hours.
- Refusing to consent to testing or refusing to submit a sample for testing when required by a company representative.
- Being convicted under any Federal or State drug statute for a violation occurring in the workplace.
- Failing to comply with rules and regulations promulgated under any testing policy or procedure maintained by Connect Transit. The abuse or misuse of legal drugs on company premises, while engaged in company business, in company supplied vehicles, or during work hours.
- Employees who believe or have been informed that their use of legally obtained drugs may impair their ability to perform their job and/or present a safety risk have the obligation to report such potential impairment to their supervisor to ensure the safety of themselves, other employees, company property, and company vehicles.
- Any employee under the influence of alcohol or illegal drugs during work hours, on company premises, while engaged in company business, in company supplied vehicles, and/or at any company sponsored activity, is in violation of company policy and is subject to disciplinary action, up to and including termination.

Connect Transit reserves the right to authorize the use of alcohol at company sponsored employee events, which may be on or off company premises. Only General Manager can authorize the use of alcohol under this policy.

Employees may be authorized to entertain company business contacts on behalf of Connect Transit under certain circumstances and are allowed to use alcohol while traveling on company

business when appropriate.

Employees are expected to exercise reasonable judgment at all times including authorized use of alcohol and recognize they represent Connect Transit. Connect Transit accepts no responsibility for employees' use of alcohol.

Notification of Convictions: Employees must notify Human Resources in writing as soon as possible, but no later than three business days, of any criminal drug or alcohol conviction (including pleas of nolo contendre) for a violation occurring in the workplace. Connect Transit will review the situation and will take appropriate disciplinary action, up to and including termination. Connect Transit may require the employee to participate in a substance abuse program.

Connect Transit recognizes that a successful approach to problems related to substance abuse requires an interaction of treatment, education, counseling, assistance and discipline. Connect Transit maintains an Employee Assistance Program (EAP) which provides counseling and referral to appropriate treatment for employees who seek assistance for substance abuse and other personal/emotional problems. Employees are encouraged to request assistance through EAP. The following conditions apply to EAP assistance:

- Participation in the EAP is confidential.
- Coverage of treatment costs will be subject to individual employee medical benefit plans.
- Participation in the EAP does not relieve the employee from job requirements.
- Employees must request assistance through the EAP prior to being asked to submit for testing to avoid discipline.
- Using the EAP will not be a defense to avoid disciplinary action for violations of this policy.

Where there is reasonable suspicion to believe that an employee is impaired due to being under the influence of drugs or alcohol while on duty, that employee may be required to report for drug/alcohol testing. When reasonable suspicion to believe that an employee is impaired due to being under the influence exists, Human Resources shall be contacted to confirm that suspicion prior to any order to submit to drug/alcohol testing. Refusal of an employee to comply with the order for a drug/alcohol screening will be considered as a refusal of a direct order and will be cause for disciplinary action up to and including termination.

It is understood that drug or alcohol tests may be required under the following conditions:

- When an employee has been arrested or indicted for conduct involving illegal drug related activity on or off duty.
- When an employee is involved in an on-the-job injury causing reasonable suspicion of illegal drug use or alcohol abuse.
- When an employee is involved in an on-duty accident where there is reasonable suspicion of illegal drug use or alcohol abuse.
- Where an employee has experienced excessive absenteeism or tardiness under circumstances giving rise to a suspicion of off-duty drug or alcohol abuse.

The above examples do not provide an exclusive list of circumstances which may give rise to testing. Other circumstances may give rise to reasonable suspicion for testing.

Reasonable suspicion exists if the facts and circumstances warrant a rational inference that a person is impaired by alcohol or controlled substances. Reasonable suspicion will be based upon the following:

- Observable phenomena, such as direct observation of use and/or the physical symptoms of impairment by alcohol or controlled substances.
- Information provided by an identifiable third party which is independently corroborated.

Connect Transit strives to maintain confidentiality with respect to employee programs involving alcohol or drug use, consistent with legal, safety and security considerations and obligations.

Confidential information cannot be given to anyone without express prior approval of an authorized member of Connect Transit management. As it is important that this confidentiality policy be coordinated with applicable legal obligations, including Connect Transit's obligation to provide public records in response to requests under the Illinois Freedom of Information Act, employees should not respond to any requests for information unless expressly authorized.

Further, all employees are prohibited from directly or indirectly using or allowing the use of official information obtained through, or in connection with, employment with Connect Transit which has not been made available to the general public, for the furtherance of any private interest. Violation of this principle is a serious matter and will result in immediate disciplinary action. Additionally, disclosure of any information discussed and recorded in closed session held by the Board is strictly prohibited. Violation of this provision by any employee of Connect Transit shall result in disciplinary action taken pursuant to those of this policy, collective bargaining agreement and/or other provision that may be required under state law.

During your employment you may receive or have access to varying types of confidential information. Connect Transit places a high value on confidential information. Confidential information encompasses information about citizens and non-public information about operations and employees. Such confidential information includes personal or private information of employees, customers, citizens, and vendors, such as personal telephone numbers, personal email addresses, home addresses, personal license plates or other unique identifiers, personal financial information, medical information, information about minors, and other sensitive information. Other confidential information includes trade secrets, reports and analysis prepared by the Company or third parties that have not been released to the public, information provided for audit purposes that has not been released to the public, information related to other actions that

remain under review or in a preliminary or draft state, attorney-client communications, or other information that is not subject to disclosure under state or federal law.

Information is confidential regardless of its form. Your confidentiality obligations extend to confidential information included in memos, emails, computer files and other electronic formats.

Employees who knowingly or unknowingly violate this policy will be subject to appropriate disciplinary action, up to and including termination. Additionally, any unauthorized disclosure of information may result in civil and/or criminal liability under the Federal or State laws.

### **TEAM WORK POLICY**

We believe that our success depends upon the strength of our teamwork. Connect Transit expects that all employees will always make a concerted effort to ensure a harmonious work environment that promotes a teamwork mentality. All employees will avoid disruptive behavior, insubordination, or intentionally sabotaging co-workers or other departments.

The key to teamwork is that all employees look to their manager or supervisor and respect their authority. The employee should follow the directions of their manager, unless deemed to be unlawful. If an employee becomes aware that another employee has intentions to harm or sabotage another employee or supervisor, this information should be reported to a supervisor immediately. In the event the employee has concerns with their supervisor, a report shall be made to their Department Head or Human Resources Director.

# PAYROLL AND TIMEKEEPING INFORMATION

### **ACCESS TO PERSONNEL FILES**

The Human Resources Department maintains a personnel file on each employee. Personnel files contain documentation regarding all aspects of the employee's employment with Connect Transit, such as the employee's employment application, records of training, documentation of performance appraisals, salary increases, disciplinary action and other employment records. Personnel files are company property.

Employees who wish to review their own personnel file should schedule an appointment with the Human Resources Department. The employee will review their personnel file in the presence of a Human Resources staff member. No documents may be altered or removed from the file. Copies of documents will be provided at the employee's request for a nominal fee.

## ATTENDANCE AND PUNCTUALITY

To maintain a productive work environment, Connect Transit expects employees to be reliable and punctual in reporting to work. This means employees are expected to come to work each day, to arrive on time, and to work their full shift as scheduled. Regular and timely attendance is an expected and essential part of every position at Connect Transit. Absenteeism and tardiness place a burden on other employees and on the Company and can have a negative impact on the quality of service. Without prior authorization from a supervisor for an approved absence such as a prearranged vacation day, personal day or leave of absence, employees are expected to be at their workstation on time and ready to work at the start of every scheduled shift. In the rare instances when employees cannot avoid being late to work or are unable to work as scheduled, they must notify their supervisor one hour in advance of the start of the employee's shift. Employees who are considered tardy or fail to notify their supervisor of their absence are considered in violation of this policy.

Employees who are bargaining unit members can find more details in their respective collective bargaining agreement.

Employees are expected to speak directly with their supervisor whenever possible. Employees should follow established department protocols. Any employee who is absent from work without contacting their supervisor will be regarded as job abandonment (reference Job Abandonment Section).

Employees are expected to contact their supervisor each and every day of an absence, unless advised otherwise by Human Resources or the employee's supervisor.

Each work area will have specific guidelines for attendance, including starting and ending times for the standard work day.

## **BREAKS AND MEAL PERIODS**

Employees may be provided with a duty-free, unpaid meal period each work day and may be relieved of all work-related responsibilities. Meal periods will be scheduled to accommodate department needs. Employees eligible for overtime are not permitted to continue work during meal periods or skip their meal period to shorten their work day unless pre-approved by the supervisor.

Department Heads have the authority to grant meal periods from one-half (1/2) hour to one (1) hour in a normal work day. Employees who are granted from one-half (1/2) hour to one (1) hour meal periods are not paid for them and they may or may not leave their work facility or duty area, depending upon job function and where sufficient accommodations are provided. Such time is to be considered the employee's time and they should not perform work tasks during their meal period.

- A) Meal periods for employees scheduled for five hours or longer on a single shift: Employees must complete their meal period by the beginning of the fifth hour of work.
- B) Department Heads have the authority to grant rest periods to their employees. Such periods of rest, in general, should not exceed fifteen (15) minutes and the employee may not leave the work facility during such periods of rest and can be called back to work at any time. Typically, the rest periods are one in the early part of the shift and one in the latter part of the shift. Either/both can be cancelled at any time based on business needs. The rest period(s) may not be combined with the meal period under any circumstances.

Employees who are bargaining unit members can find more details in their respective collective bargaining agreement.

## **CLASSIFIED WAGE ADMINISTRATION**

Connect Transit strives to pay salaries competitive with those paid by other employers in our industry and in the applicable labor markets.

Employees who are bargaining unit members can find more details in their respective collective bargaining agreement.

Each classified position at Connect Transit has been studied and assigned a pay grade. Each grade has been assigned a corresponding wage range. Periodically, Connect Transit may revise its job descriptions, evaluate individual jobs to ensure that they are rated and paid appropriately and review job specifications to ensure that they are directly job related.

Pay for Performance: To ensure that employees perform their job to the best of their abilities, it is important to be recognized for good performance and receive appropriate suggestions for

improvement when necessary. Consistent with this goal, performance will be evaluated on an ongoing basis. Employees may be given a merit pay increase based on performance in March. Employees who have not yet reached a year of service, may be eligible for a pro-rated merit increase. Completed performance evaluations are due in Human Resources thirty (30) calendar days prior to March. The timely submittal of performance evaluations are the responsibility of the manager who will be held accountable for such submittals.

Total compensation with Connect Transit consists not only of the wage employees are paid, but also the various benefits offered.

Human Resources will answer any questions regarding pay structure.

## **EMERGENCY CONTACT INFORMATION**

All employees must provide emergency contact information to Human Resources for persons to be contacted in the event of a personal emergency. Emergency contact information will be treated confidentially.

It is each employee's personal decision as to whom he or she chooses to have as the emergency contact. In an effort to keep information current should an emergency arise, employees are asked to update emergency contact information when there are changes or at least every two years.

### **EMPLOYEE PERSONAL INFORMATION**

Employees must notify Connect Transit within three (3) business days of any changes in personal mailing addresses, telephone numbers, etc.

Employees should promptly notify Human Resources of any changes in dependents, beneficiary, or any other information required to keep their benefits current. It is the employee's responsibility to ensure that personal data is accurate and current at all times.

## **EMPLOYMENT STATUS**

It is the policy of Connect Transit to maintain a classification of employees for the purposes of benefit administration and payroll record keeping. Every effort will be made to inform all employees of their classification status at the time of employment and/or at the time of a change in status.

### **FULL-TIME EMPLOYEE**

A full-time employee is regularly scheduled to work at least 30 hours per week. Generally, they are eligible for Connect Transit's benefit package, subject to the terms, conditions and limitations of each benefit program, and the terms of any applicable collective bargaining agreement.

### **PART-TIME EMPLOYEE**

A part-time employee is regularly scheduled to work less than 30 hours per week. Generally, they are not eligible for Connect Transit's benefit package, subject to the terms, conditions and limitations of each benefit program, and the terms of any applicable collective bargaining agreement.

## **SEASONAL EMPLOYEE**

A seasonal employee generally is an individual who is hired either for a specified program or limited period-of-time. Seasonal employment lasts less than two consecutive calendar quarters and seasonal personnel are not guaranteed of being rehired and must reapply for employment following the regular employment application procedures for each season. These employees are not eligible to receive benefits unless required under the federal Affordable Care Act (ACA). A seasonal employee who goes to a full-time position is eligible to enroll in benefit plans.

#### NON-EMPLOYEE PERSONNEL

Individuals excluded from the definition of "employee" under the Fair Labor Standards Act, include elected officials, policy-making appointees, unpaid interns and independent contractors.

In accordance with the Fair Labor Standards Act (FLSA), an employee may be classified as an exempt employee if his/her duties and responsibilities meet the eligibility as set forth under the Act. The FLSA governing exempt classifications specifies in detail the restrictive guidelines for making such determinations. An exempt employee is paid a salary commensurate with his/her responsibilities without consideration of hours worked. As a result, an exempt employee is not paid overtime or paid for compensatory time off.

A non-exempt employee is paid for each hour worked and is paid overtime at the rate of one and one-half (1 ½) times his/her hourly rate. Unless addressed by individual collective bargaining agreements, employees will not be eligible for comp time.

The employment status of an employee shall be the determining factor as to the eligibility for most employee benefits. If an employee changes from full-time regular status to part-time or seasonal status, s/he will no longer be eligible for full-time regular employee benefits. Employment status changes are initiated by Human Resources in coordination with Department Head in compliance with established procedures.

### **OVERTIME**

In order to best serve our community, overtime work may be required. Connect Transit attempts to provide as much advance notice as possible for overtime work. However, in some instances overtime work may be required without notice.

Employees who are classified as non-exempt are eligible for overtime. Work in excess of forty (40) hours per work week will be paid at the rate of one and one-half times the employee's regular rate of pay. All overtime must be pre-approved by the employee's immediate supervisor before it is

performed.

As required by law, overtime pay is based on actual hours worked. Time off for holidays, sick leave, vacation leave, personal leave or any leave of absence will not be considered hours worked for purposes of performing overtime calculations.

### **PAYROLL DEDUCTIONS**

It is the policy of Connect Transit to pay employees correctly. It is the employee's responsibility to notify Human Resources immediately of any improper pay or deductions. The complaint will be promptly investigated, and the results of the investigation will be reported to the employee. If an error is discovered, steps will be taken to correct any overpayment or underpayment in a timely manner.

## **REGULAR PAY PROCEDURES**

Connect Transit's workweek begins on a Sunday and ends on a Saturday. Employees are paid on a bi-weekly basis. Employees are paid by direct deposit. Otherwise, a paycheck will be placed in US postal service to the home address on file on the actual pay date. Employees are responsible for providing accurate and up-to-date mailing addresses. Employees will be emailed their pay stubs 1-2 days prior to actual pay date.

Employees who receive paper checks via the US postal service need to allow at least 5-7 business days to receive the check. Employees who believe their payroll check has been lost in the mail, need to contact Payroll to start the process of possibly reissuing a check. Once it has been verified that the check is truly lost, the check can be reissued. The entire process may take up to 2 weeks.

## **TIMEKEEPING**

It is the responsibility of every employee to accurately record and report the time s/he worked using the method directed to you by your Supervisor. Federal and state laws require Connect Transit to keep an accurate record of time worked in order to calculate employees' pay and benefits.

Intentionally altering, falsifying, or tampering with time records, or recording time on another employee's time record is strictly prohibited and will result in discipline up to and including termination.

## **WORK SCHEDULES**

The official business hours for Connect Transit of Bloomington are 8:00 a.m. to 5:00 p.m., Monday through Friday. Because we provide a wide range of services on a seven day a week basis, some employees may be scheduled to work on days and times outside the official business hours. Work

schedules may vary by department or position. Most employees work a forty (40) hour work week although this may vary by individual job and department needs. Connect Transit reserves the right to change work schedules based upon operational need.

### **TELEWORK**

Connect Transit confirms its commitment to recruit, develop, and retain a diverse and skilled workforce. To assist in this, the Company will support Teleworking where it is reasonable and practical to do so for senior management team members and where operational needs will not be adversely affected.

## **Definition of Teleworking:**

Telework is defined as working at home or at other off-site locations that are linked electronically (via computer, fax, etc.) to a central office or principal place of employment. Teleworking is a cooperative arrangement between Connect Transit and senior management staff, based upon the needs of the job and the Company.

Teleworking is not a formal, universal employee benefit. Rather it is an alternative method of meeting the needs of the company. Connect Transit has the right to refuse to make teleworking available to an employee and to terminate a teleworking arrangement at any time.

## **Eligibility:**

To be eligible for consideration of a telework arrangement, a senior management employee must have no record of performance problems or disciplinary actions within the preceding two (2) years or term of employment. In the case of a new hire, the Company will conduct a thorough reference check with past employers to determine whether s/he meets the requirement.

The senior management employee must have demonstrated the following prior to approval of telework: proven ability to perform, high job knowledge, ability to establish clear objectives, flexibility, ability to work independently and dependability.

In addition, the senior management employee must hold a position that will allow for the employee to work alone or with equipment that can be transported or kept at the alternate work site and have clearly defined tasks and objectives, does not require a regular direct face to face contact either with a client or team members, has measurable work activities, and does not require a high degree of supervision.

## **Job Responsibilities:**

Senior Management job responsibilities will not change due to teleworking. Professionalism in terms of job responsibilities, work output, and customer orientation will continue to follow the standards set by the Company. The amount of time an employee is expected to work will not change due to teleworking. In the event that business conditions require the teleworking employee's presence at a central work location function, meeting, or other event, the employee is expected to report to the central work location, even if such occurs during normally scheduled

home-work area hours.

### **Contact with the Central Work Location:**

Once a teleworking arrangement has been approved, the teleworking employee is responsible for maintaining contact with his or her Supervisor and other senior management team members. It is expected that the Supervisor, senior management team members and the teleworker will act together to keep each other apprised of events or information obtained during the working day.

#### **Alternate Work Area:**

Connect Transit shall provide workers' compensation and liability protection as obligated by State statues for the employee while in the course of employment within the agreed upon location and defined work schedule. The Company assumes no responsibility for any activity, damages, or injury which is not directly associated or resulting from the official job duties for which the Company has no ability to exercise control. The Company assumes no responsibility for the employee's personal property.

In addition, the following must be adhered to:

- A) A designated workspace should be maintained by the employee in a clean, professional, and safe condition.
- B) Any change in the approved job assignment, location or defined work schedule must be reviewed and approved by the supervisor in advance.
- C) As liability may extend to accidents which could occur in the alternative work location, the Company retains the right to make on-site inspections of this work area, at a mutually agreed upon time, to ensure that safe work conditions exist.
- D) Employee tax implications related to alternate work locations are the responsibility of the employee.
- E) Employee expenses not specifically covered in this policy will be dealt with on a case-by-case basis between the employee and his/her supervisor.
- F) Employees who work at home will manage dependent care and personal responsibilities in a way that allows them to successfully meet job responsibilities.

## Equipment

- A) Any hardware or software purchased by Connect Transit remains the property of the Company and will be returned to the Company should the alternative work arrangement be terminated.
- B) Software owned by the Company may not be duplicated except as formally authorized by policy.
- C) Employees using Company software must adhere to the manufacturer's licensing agreements.
- D) Restricted access materials (such as payroll, personnel files, etc.) may not be taken out of the office, copied, or compromised in any way. Employees working at alternate sites will take all precautions necessary to secure sensitive information and prevent unauthorized access to the Company.
- E) Connect Transit equipment located at an alternative work location may not be used for personal activities.

# **BENEFITS & ADDITIONAL OFFERINGS**

## **BENEFITS INFORMATION**

A manual outlining benefits related to group health, dental, vision, life insurance and short and long-term disability is available in Human Resources and contains detailed information about benefits offered to full-time employees. Please contact Human Resources with any additional questions. Benefits are available to full-time active employees.

## **COBRA**

Under the Consolidated Omnibus Budget Reconciliation Act of 1985, better known as COBRA, if an employee terminates employment with Connect Transit or has any other qualifying event, the employee is entitled to continue participating in the Company's group health plan for a prescribed period of time, usually 18 months, at his or her own expense. COBRA coverage may not be extended to employees terminated for gross misconduct.

For detailed information or questions on COBRA, employees should contact the Human Resources Director.

### **HIPAA**

As required by the Health Insurance Portability and Accountability Act (HIPAA), Connect has adopted a policy that protects the privacy and confidentiality of protected health information (PHI) whenever it is used by Company representatives. The private and confidential use of such information will be the responsibility of all individuals with job duties requiring access to PHI in the course of the jobs.

Connect Transit has designated the Director of Human Resources as the HIPAA Compliance Officer (HCO). Any questions or issues regarding PHI should be presented to the HCO for resolution.

## **EDUCATION, TRAINING AND DEVELOPMENT**

In the case of supervisory referrals, the employee's employment may be contingent upon his/her attendance at and cooperation with the EAP. The EAP will report to the employee's Human Resources only the following specific information: (1) If the employee kept the appointment with the EAP counselor, as scheduled and (2) if the employee cooperated with the counselor's recommendations. Results are never reported, unless the employee authorizes it in writing. It remains the employee's responsibility to correct his/her performance problem.
- 5. There is no cost to you for utilizing EAP services. If additional resources are needed, your EAP professional can assist by locating affordable solutions in your area.
- 6. The EAP can be contacted by calling 800-316-2796, 24 hours a day, seven days a week, or login to their website at <a href="http://www.mutualofomaha.com/eap">http://www.mutualofomaha.com/eap</a>, Group Number: G0000AQ9F for more detail.

# LEAVE AND APPROVED ABSENCES

## **BEREAVEMENT**

Any eligible employee may be absent from work for a period of up to three (3) working days due to a death in the immediate family. Department Heads, after consultation with Human Resources, may grant additional unpaid time for unusual circumstances as it relates to the death of an immediate family member.

Employees who are bargaining unit members can find more details in their respective collective bargaining agreement.

For purposes of this policy, immediate family is defined as mother, father (which includes stepparents or legal guardians), mother-in-law, father-in-law, husband, wife, domestic partner, sister, brother, sister-in-law, brother-in-law, child or stepchild, aunt, uncle, niece, nephew, grandchild or step grandchild, or grandparents (on both sides).

In the event of the death of a child, Illinois state law entitles employees to an additional 2 weeks (10 work days) of unpaid bereavement leave to:

- (1) attend the funeral or alternative to a funeral of a child;
- (2) make arrangements necessitated by the death of the child; or
- (3) grieve the death of the child.

"Child" is defined as an employee's son or daughter who is a biological, adopted, foster child, a stepchild, a legal ward or a child of a person standing in loco parentis. Under the law, the child bereavement leave must be completed within 60 days after the date on which the employee receives notice of the death of the child. An employee shall provide the employer with at least 48 hours' advance notice of the employee's intention to take bereavement leave, unless providing such notice is not reasonable and practicable. Connect Transit may require reasonable documentation which may include a death certificate, a published obituary, written verification of death, burial, or memorial services from a mortuary, funeral home, burial society, crematorium, religious institution, or government agency.

In the event of the death of more than one child in a 12-month period, an employee is entitled to up to a total of 6 weeks of bereavement leave during the 12-month period. Bereavement does not create a right for an employee to take unpaid leave that exceeds the unpaid leave time allowed under or is in addition to the unpaid leave time permitted by, the federal Family and Medical Leave Act of 1993.

## **COURT APPEARANCES**

Employees are sometimes called upon to make court appearances in connection with their job.

These appearances may relate to proceedings instituted by Connect Transit. Employees may also be required to give testimony in litigation between private parties where information regarding Connect Transit policies or practices is relevant. Employees who must attend court proceedings as part of their job duties will be considered to be at work during such appearances. Employees are expected to turn over any witness fees or similar payment they receive to the Human Resources Department.

Employees absent for court appearances that are not required as part of their job duties or related to actions that employees have initiated are required to charge any resulting absences to their available vacation or personal time. For example, employees attending workers' compensation court proceedings as a result of their own claim, may need to use their personal time to do so. Employees may retain any pay they receive for court appearances not required as part of their job duties.

### **EXTENDED LEAVE OF ABSENCE POLICIES**

An extended leave of absence is authorized time away from work (paid or unpaid) in the event of an extended personal illness, family illness, death, educational need, personal need, military need, etc. Connect Transit classifies their extended leaves of absence into five main categories:

- FMLA leave (in accordance with the provisions of the Family Medical Leave Act of 1993);
- "VESSA" leave (in accordance with the provisions of the Victims Economic Security and Safety Act of 2003);
- Military leave (in accordance with the Uniformed Services Employment Reemployment Right Act or Illinois Servicemember Employment and Reemployment Rights Act, better known as "ISERRA"); or
- Personal Leave

Any questions regarding Leave of Absence Policies, please contact your Human Resource Director.

### **FAMILY MEDICAL LEAVE OF ABSENSE**

The Family Medical Leave (FMLA) allows employees up to twelve (12) weeks in a rolling 12-month period of job-protected leave, for the following:

- 1. To care for the employee's son or daughter after birth or a new placement for adoption or foster care.
  - FMLA leave must be taken within twelve (12) months of the birth or placement.
  - FMLA leave is available to both female and male employees.
  - If both employee and spouse work for Connect Transit, a total of twelve weeks is available to both of them. They are not entitled to twelve weeks each.
  - If two of our employees are unmarried parents of a newborn together, each employee is entitled to twelve (12) weeks of FMLA.

2. Serious health conditions (illness or injury) of the employee, as properly documented by a health care provider that makes the employee unable to perform the functions of the employee's position.

A serious health condition must be serious enough that it entails an absence of more than three consecutive calendar days in conjunction with treatment from a health care provider at least two times, or an absence of one day followed by a regiment of continuing treatment. In rare situations, the employee could be required to provide a second or third medical opinion (at the expense of Connect Transit).

- 3. Serious health condition of an employee's immediate family member (spouse, child or parents) which requires the employee to <u>care</u> for such person. This also requires proper documentation of medical necessity from a health care provider. FMLA does not extend beyond the death of the family member.
- 4. Qualifying exigency leave for families of members of the National Guard or Reserves or of a regular component of the Armed Forces when the covered military member is on covered active duty or called to covered active duty.

An employee whose spouse, son, daughter or parent either has been notified of an impending call or order to covered active military duty or who is already on covered active duty may take up to 12 weeks of leave for reasons related to or affected by the family member's call up or service. The qualifying exigency includes: 1) short-notice deployment, 2) military events and activities, 3) child care and school activities, 4) financial and legal arrangements, 5) counseling, 6) rest and recuperation, 7) post-deployment activities and 8) additional activities that arise out of active duty, provided that the employer and employee agree, including agreement on timing and duration of the leave.

## "Covered active duty" means:

- (a) in the case of a member of a regular component of the Armed Forces, duty during the deployment of the member with the Armed Forces to a foreign country; and
- (b) in the case of a member of a reserve component of the Armed Forces, duty during the deployment of the member with the Armed Forces to a foreign country under a call or order to active duty under a provision of law referred to in Section 1010 (a) (13)(B) of Title 10, United States Code.

The leave may commence as soon as the individual receives the call-up notice. (Son or daughter for this type of FMLA leave is defined the same as for child for other types of FMLA leave except that the person does not have to be a minor). This type of leave would be counted towards the employee's 12-week maximum of FMLA leave in a 12-month period.

5. Military caregiver leave (also known as covered service member leave) to care for an injured or ill service member or veteran.

An employee whose son, daughter, parent or next of kin is a covered service member may take up to 26 weeks in a single 12-month period to care for that service member.

Next of kin is defined as the closest blood relative of the injured or recovering service member.

The term "covered service member" means:

- (a) a member of the Armed Forces (including a member of the National Guard or Reserves) who is undergoing medical treatment, recuperation or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness; or
- (b) a veteran who is undergoing medical treatment, recuperation, or therapy, for a serious injury or illness and who was a member of the Armed Forces (including a member of the National Guard or Reserves) at any time during the period of 5 years preceding the date on which the veteran undergoes that medical treatment, recuperation or therapy.

The term "serious injury or illness":

- (a) in the case of a member of the Armed Forces (including a member of the National Guard or Reserves), means an injury or illness that was incurred by the member in line of duty on active duty in the Armed Forces (or existed before the beginning of the members active duty and was aggravated by service in line of duty on active duty in the Armed Forces) and that may render the member medically unfit to perform the duties of the member's office, grade, rank or rating; and
- (b) in the case of a veteran who was a member of the Armed Forces (including a member of the National Guard or Reserves) at any time during a period when the person was a covered service member, means a qualifying (as defined by the Secretary of Labor) injury or illness that was incurred by the member in the line of duty on an active duty in the Armed Forces (or existed before the beginning of the member's active duty and was aggravated by service in the line of duty on active duty in the Armed Forces) and that manifested itself before or after the member became a veteran.

To be eligible for FMLA, an employee:

- must have worked for Connect Transit for a total of twelve months, although the twelve months need not necessarily be consecutive (i.e., rehired) AND
- must have worked at least 1,250 hours over the twelve-month period preceding start of leave (does not include paid leave used during that period).
- Additionally, the employee:
  - Must give the employer at least thirty (30) days' notice (if foreseeable). If not foreseeable, employee must contact employer as soon as reasonably possible.
  - Must give employer written physician certification for medical necessity of leave.
  - Must complete the proper form for approval. The facility should explain the conditions
    of the leave of absence and ask the employee to sign the form in the two places

### indicated.

Failure to return the necessary FMLA request paperwork including healthcare certification forms within fifteen days from the start of the leave may result in ineligibility for FMLA leave and therefore no rights under FMLA concerning job protection. The Family Medical Leave Act provides job protection to a maximum of twelve weeks every twelve months. The employee must be returned to her same position, or a similar job, with equivalent pay and benefits. After twelve weeks, an employee who is unable to return to work may be granted an additional personal leave or terminated.

The "year" is defined as the twelve-month period beginning with the first day of the employee's first FMLA leave. The employee must also be restored to the same worksite and is entitled to be returned to the same shift. If the employee cannot be restored to her same position, an equivalent position must offer the same pay, benefits and working conditions. It must also involve the same or substantially similar duties and responsibilities. The employee's benefits must be resumed at the end of the FMLA leave in the same manner and at the same levels as when the leave began.

An employee off work due to a work-related injury or illness (workers' compensation) will have time off counted against the twelve weeks of FMLA leave available, and will automatically be designated as FMLA, if the employee is eligible.

Under the FMLA leave, the employee will be allowed to continue his/her health and dental insurance coverage at the same cost that normally comes out of his/her paycheck.

Medical certifications: The employee must provide documentation from a health care provider every thirty days, restating the medical necessity for the employee to be off work for his/her own serious illness or for a family member's illness and the anticipated date of return, if known. An employee who is on leave for his/her own illness must provide medical documentation that he/she is released to full duty (with or without restrictions), before he/she can be allowed to return to work. An employee out on leave longer than 30 days for the employee's own serious health condition will be required to see company physician for a fit for duty evaluation before s/he can be allowed to resume performing duties.

FMLA leave may be taken intermittently (in blocks of time or by reducing their normal weekly or daily work schedule). This might apply to an employee's own health condition (i.e. needing time off for treatments, etc.), the care of a seriously ill family member, or time used in preparing for the adoption of a child.

Employees eligible for FMLA will be required to run available paid leave time (sick leave and personal time) concurrent with FMLA. During any unpaid FMLA leave, no paid leave benefits shall accrue if the unpaid leave extends beyond thirty (30) days.

## **VICTIM'S ECONOMIC SECURITY AND SAFETY ACT (VESSA)**

The Victim's Economic Security and Safety Act (known as "VESSA") provides an employee who is a victim of domestic violence, or who has a family or household member who is a victim of domestic violence, with up to twelve (12) weeks of unpaid leave per any twelve (12) month period to address issues arising from domestic or sexual violence.

An employee may take "VESSA" leave to:

- 6. Seek medical attention for, or recovery from, physical or psychological injuries caused by domestic or sexual violence to the employee or employee's family or household member;
- 7. Obtain victim services for the employee or employee's family or household member;
- 8. Obtain psychological or other counseling for the employee or the employee's family or household member;
- Participate in safety planning, including temporary or permanent relocation or other actions to increase the safety of the victim from future domestic or sexual violence; or
- 10. Seek legal assistance to ensure the health and safety of the victim, including participating in court proceedings related to the violence.

"VESSA" leave may be taken intermittently or on a reduced work schedule.

## Notice and Certification Requirements for "VESSA":

The employee shall provide the employer with at least 48 hours advance notice of the employee's intention to take leave, except in such cases where it is not practical to provide such notice. If an unscheduled absence occurs, the employer may not take action against the employee if the employee provides certification within a reasonable period after the absence.

Employers may require certification that "VESSA" leave is to be taken for one of the purposes listed above and that the employee or employee's family or household member is a victim of domestic or sexual violence. An employee may satisfy such Certification requirements by providing a sworn statement and:

- Documentation from a victim services company, attorney, member of the clergy; or
- Medical or other professional from whom the employee or the employee's family or household member has sought assistance; or
- A police or court record; or
- Other corroborating evidence.

Employers must maintain the confidentiality of all information pertaining to the use of "VESSA" leave, notice of an employee's intention to take "VESSA" leave, and certification provided by the employee.

### **MILITARY LEAVE**

A military leave of absence is available for anyone who voluntarily or involuntarily leaves employment positions to undertake military service or certain types of service in the National

Disaster Medical System for a period of up to five (5) years or less of cumulative military service while with this employer. Military services include the U.S. Army, Navy, Marine Corps, Air Force, Coast Guard, Public Health Service commissioned corps, and the reserve components of each of these services. Rights are also extended to employees who receive federal training or perform service in the Army or Illinois National Guard and Air National Guard.

An employee who provides notice of active military service will be granted a military leave of absence to participate in the required military service. Employees will be required to provide a copy of military orders and any additional requested documentation to facilitate the proper administration of differential pay and benefits.

## Compensation

Employees who are members of a reserve component shall continue to receive their full Connect Transit compensation during their annual training commitment for up to 30 days per calendar year. Employees who exhaust their concurrent compensation for annual training may be eligible for differential compensation.

An employee on military leave will be eligible for continuing differential pay as authorized by law:

- An employee who is a member of a reserve component and performs qualifying voluntary active service is eligible for up to 30 work days of differential compensation in a calendar year.
- An employee who is a member of a reserve component and is ordered to perform involuntary active service is eligible to receive additional differential compensation.
- Differential compensation is only paid for those work days where the employee would otherwise have been scheduled to work. Work hours extending over two calendar days counts as two work days when calculating differential compensation.

An employee may elect the use of accrued vacation, annual or similar leave with pay in lieu of differential compensation during any period of military leave or during any period of unpaid military leave.

Employer-provided health insurance plan benefits will be provided for members of a reserve component during leave in accordance with federal and state law, except that Connect Transit will continue to pay its share of the insurance premium and administrative costs during the employee's "active duty" as defined by Illinois law.

## Re-employment under Military Leave

An employee is entitled to be reemployed in his or her civilian job, with the same seniority, status, and pay as s/he would have attained if he/she would have remained continuously employed, generally without exception, based on the following conditions:

- 1. The employee provides the employer advanced notice, either written or verbal, of his or her military service;
- 2. The employee has five (5) years or less of cumulative service in the uniformed services while with current employer;
- 3. The employee returns to work or applies for reemployment in a timely manner after conclusion of service, based on the following schedule of military service;
  - a. Fewer than 31 days: Employee must return to work on the first full day of release, taking into account safe travel home, plus an 8-hour rest period.
  - b. *Between 31-180 days*: Employee must submit application for reemployment within 14 days of release from service.
  - c. *More than 180 days*: Employee must submit application for reemployment within 90 days of release.

As a general rule, the employer will reinstate a returning service member, based on the above conditions, within two (2) weeks after he/she applies for reemployment, absent unusual circumstances.

Connect Transit will make reasonable efforts to accommodate a disability incurred during military service if it limits the service member's ability to perform the job.

#### PERSONAL LEAVE

When paid leave time is not available or the reason for the absence is not a permissible use of the employee's available leave time, Connect Transit General Manager may permit an employee to take leave without pay, on a very limited basis. An unpaid leave of absence of under thirty (30) days will be permissible at the discretion of the Department Head in consultation with Human Resources.

An unpaid leave of absence in excess of thirty (30) days will require approval of the General Manager. The General Manager may grant a leave of absence to an employee for such a period as he sees fit, not to exceed one (1) year. Employees on an extended unpaid leave of absence will not accrue sick leave, vacation leave or personal days for the duration of their leave. Employees not covered by FMLA may opt to continue health insurance coverage, including dependent coverage, by paying the total cost of such coverage for the duration of their leave. Continuation of other benefits will be governed in accordance with the terms of each benefit plan. The employee's anniversary date will be adjusted accordingly if the extended unpaid leave of absence is a non-qualifying FMLA leave. In order to apply, an employee must submit a letter requesting such leave to Human Resources.

#### **HOLIDAYS**

Employees are eligible for Holiday pay upon hire in accordance with this policy. Connect Transit observes the following holidays:

Part-time employees shall work their work assignment the scheduled day prior to and the scheduled day following the holiday to qualify for holiday pay.
- 2. If a recognized holiday falls during an employee's paid absence (such as vacation or sick leave), holiday pay will be provided instead of the paid time off benefit.

Some employees may be required to work on holidays. While every effort will be made to notify employees of the need for holiday work in advance, in some instances holiday work may be required without notice. When a holiday falls on a non-working day, the nearest adjacent workday shall be granted as the holiday.

#### **JURY DUTY**

Connect Transit recognizes jury duty as a civic responsibility. If an employee is summoned for jury duty, the employee should present a jury summons to the Department Head, so that staffing adjustments can be made. Jury summons should be presented as soon as the employee receives notification.

If an employee is called for jury duty, Connect Transit will allow him/her the necessary time off for to fulfill the civic responsibility.

When an employee is called to be selected to serve on a jury, Connect Transit will pay for the employee's normal scheduled working hours, provided the employee returns any jury pay to Connect Transit.

When the employee has completed a jury duty obligation, the employee is required to produce authorized documentation justifying the absence to the Department Head. This written verification of jury service must include dates of service and the date and time of their release from service. No jury pay will be paid without written verification submitted to Human Resources.

Any time that the employee is excused from reporting to jury duty for a day or excused early from jury duty and has time left on their shift, the employee should contact their supervisor for reporting instructions.

Employees are expected to sign over any jury duty payments they receive to the Human Resources Department.

Employees who are bargaining unit members can find more details in their respective collective bargaining agreement.

#### **PERSONAL LEAVE DAYS**

Connect Transit provides eligible full-time non-represented employees with six (6) days of paid personal leave per calendar year on January 1 of each year. During the first year of employment, employees hired after January 1 will accrue the appropriate pro-rata portion based on the employees hire date. Personal leave not used on/before December 31 is forfeited. Employees will not receive payment for any unused personal leave. Personal leave days should be scheduled in enough advance to not interrupt the department needs. Supervisors may deny personal leave requests if the request cannot be accommodated.

Employees who are bargaining unit members can find more details in their respective collective bargaining agreement.

#### **SICK LEAVE**

Connect Transit provides protection for its full-time non-represented employees against loss of income because of illness. All eligible employees are encouraged to save as much sick leave as possible to meet serious illness situations. It is a self-insured program provided by Connect Transit and earned by employees.

Employees who are bargaining unit members can find more details in their respective collective bargaining agreement.

All regular full-time non-represented employees receive twelve (12) days sick leave credit on

January 1 of the calendar year. A pro-rated amount will be granted to all newly hired employees based on their individual date of hire. At the end of the calendar year, an employee may carry over any unused sick days from the prior year. Sick leave may be accumulated to the maximum of forty-five (45) days.

When an employee is eligible to begin receiving payments from Connect Transit's Section 457 Deferred Compensation Plan without any penalty and the employee files official notice of intent to retire and/or resign in good standing from Connect Transit, the employee may elect to have their accumulated sick leave balance paid to the Section 457 Deferred Compensation Plan. Employees must meet all requirements set forth within Connect Transit's retirement policy.

No employee will be permitted to take sick leave not yet earned. Sick leave shall be paid at the employee's current rate of compensation.

Employees may utilize sick leave when they are too ill to report to work, in the event of injury, or for routine medical and dental appointments. Employees may also use sick leave to care for other ill persons within the employee's immediate family. The immediate family shall be defined as an employee's spouse, children, child, sibling, parent, mother-in-law, father-in-law, grandchild, grandparent, or stepparent. All foreseeable leave for such purposes shall require specific prior approval of the Department Head. In the event of sick leave usage for any purpose, the Department Head may require certification of a medical doctor confirming validity of the illness/injury.

An employee must contact their direct supervisor at least one hour prior to their scheduled start time to request the use of sick leave. During authorized sick leave, an employee must notify the Department Head periodically so that the Department Head may plan on the return. This may be waived in the event of confinement or illness for a specific period of time as indicated in a physician's statement. The standard procedure for use of sick leave benefits is as follows:

- A) An employee on sick leave shall inform the Department Head or designated supervisor of the facts and the reason for the absence as soon as possible. Failure to do so on the first (1<sup>st</sup>) day of illness may be cause for denial of the sick leave pay for the period of absence.
- B) Absence for part of a day that is chargeable to sick leave shall be charged proportionately in an amount not less than one (1) hour per day.
- C) An employee returning to work after an extended illness of longer than three (3) consecutive days may be required to provide a physician's statement substantiating that the employee may return to work.
- D) Failure to apply for a leave of absence for extended illness upon expiration of all such benefits will result in automatic termination.
- E) Notice of an employee's desire to return to work after an illness of one week or more must be given to the Department Head no later than 5:00 p.m., Monday through Friday, on the workday prior to the date for return to work. The employer may request a physician's note to verify propriety of returning to work and noting

any restrictions which the employer will consider and accommodate when appropriate.

The General Manager and/or the Department Head may direct an employee who appears ill to leave work. In such instances, this time off shall be charged to available sick leave.

Sick pay for hours not worked will be excluded when computing overtime for the workweek in which it was taken.

An employee who uses sick leave for purposes other than those authorized by this policy or who otherwise use sick leave in a manner inconsistent with this policy or a Department Head who falsely certified sick leave allowance for absence from work may be subject to disciplinary action, up to and including immediate dismissal.

Employees who are injured on the job and have lost time from the job because of their injury may not receive sick leave payments once Worker's Compensation Insurance payments begin.

Upon termination from Connect Transit, accumulated but unused sick leave benefits will not be paid, except in the case of an employee who is eligible to receive benefits without penalty under Connect Transit's Section 457 Deferred Compensation Plan and who files notice of intent to retire from Connect Transit.

Connect Transit retains the right to take corrective steps to deal with the perceived abuse of sick leave or if an employee has prolonged and/or frequent and regular absences which hinder the carrying out of the employee's responsibilities. Please contact Human Resources with any additional questions.

#### **VACATION**

All full-time non-represented employees shall accrue vacation leave with pay, according to the following schedule. Application for vacation leave shall be in accordance with Connect Transit policy.

Employees who are bargaining unit members can find more details in their respective collective bargaining agreement.

The following table shows the annual accrual of vacation days for eligible employees:

Years of Service	Vacation Days
Date of Hire to 1 Year	5 Days
2-4 Years	10 Days
5-9 Years	15 Days
10-16 Years	20 Days
17-29 Years	25 Days
30+	30 Days

All vacation will be prorated based on an individual's hire date. Vacation time is not considered time worked when calculating overtime.

Vacation time is granted January 1st annually for all full-time non-represented employees. Part-time employees do not accrue vacation leave credit.

No employee shall accumulate more than one and one-half times (1 ½) the annual accumulation rate. Employees will resume accruing vacation time when levels drop below the maximum accumulation. Only for the purpose of determining when accrual ceases, the maximum annual accumulation for full-time non-represented employees shall be based on an eighty (80) hour biweekly work schedule. The only exception shall be in the instance of an employee who has already been granted scheduled vacation time off, adequate to avoid forfeiting any accruals, and the Department Head or a circumstance beyond the employee's control prevents the taking of the scheduled vacation.

In such cases, it shall be the Department Head's responsibility to document the circumstances in writing to the Human Resources Director and consult with the employee to reschedule the vacation.

Since vacation leave is perceived to be a benefit for both the employee and Connect Transit, employees should be encouraged to use such leave. The Department Head will support this policy by preparing a schedule of appropriate times for taking of such leave and indicating, where known, the dates during which the department work load precludes employee scheduled absences. Vacation time may be used in four-hour increments. All employee's must complete a vacation time off request form and have it approved by their immediate supervisor prior to utilizing vacation time.

An employee who is terminated/resigns is entitled to full payment for any unused vacation accrual. Vacation time shall not accrue during any approved leave of absence, except for military leave, FMLA leave, medical leave of absence resulting from illness or compensated injury.

Connect Transit encourages eligible employees to use all of their vacation time each year. Employees should follow their department approval guidelines and request time off as far in advance as possible, not to exceed one (1) year. Supervisors may deny and/or cancel vacation requests, if the request cannot be accommodated.

Please contact Human Resources with any additional questions.

## **VOTING TIME**

Connect Transit grants eligible employees up to two hours of paid time off for the purpose of voting in a general or special election within the State of Illinois if their working hours on the day of the election begin less than two hours after the opening of the polls and end less than two

hours before the closing of the polls.

State of Illinois law (10 ILCS 5/1-3) defines a general election as the "biennial election at which members of the General Assembly are elected" and a special election as "an election not regularly recurring at fixed intervals, irrespective of whether it is held at the same time and place and by the same election officers as a regular election."

To be eligible for paid time to vote on the day of an election, an employee must be:

- Entitled to vote at a general or special election or at any election at which propositions are submitted to a popular vote in the State of Illinois.
- Scheduled to work on the day of such election, with working hours beginning less than two hours after the opening of the polls and ending less than two hours before the closing of the polls. For example, if the polls are open from 6:00 a.m. to 7:00 p.m. and the employee's scheduled work hours are from 7:00 a.m. to 7:00 p.m., the employee may be granted two hours of paid time to vote during the day of the election.

Eligible employees are encouraged to vote during their non-working hours. However, if they are unable to do so based on the working hours criteria described above, they may be granted up to two hours paid time to vote on the day of the election between the time of opening and closing of the polls. Supervisors may specify the hours during which employees may be absent to vote.

#### MOBILE DEVICE ACCEPTABLE USE POLICY

Connect Transit recognizes that access to mobile devices can improve work productivity and facilitate communication. The purpose of this policy is to define standards, procedures, and restrictions for Company employees, contractors and related constituents (hereinafter referred to as "users") who have legitimate business uses for connecting a mobile device to Connect Transit's corporate network and data. Such access to this confidential data is a privilege, not a right. Consequently, employment at Connect Transit does not automatically guarantee the granting of mobile device privileges. This policy supplements Connect Transit's "Computer, Electronic Communication Systems and Resource" policy, also included in this manual.

A breach of this type could result in loss of information, damage to critical applications, exposure to virus or other

malware threats, and damage to Connect Transit's public image. Therefore, all users employing a mobile device connected to Connect Transit's network, and/or capable of backing up, storing, or otherwise accessing data of any type, must adhere to Company-defined processes for doing so.

Connectivity of all Company-issued mobile devices will be managed by Connect Transit's IT Department and will utilize encryption and strong authentication measures. IT will not directly manage BYOD devices.

## **INTERIM ASSIGNMENTS**

An employee may be asked to take over the full job responsibilities of a higher-level position for an extended period of time. This may require the employee to assume greater responsibilities and to work in a position with a higher pay classification than their current position. Connect Transit believes such employees should be paid commensurate with the position they assume and will temporarily increase the pay of employees working under such conditions. Each situation will be reviewed separately on its own merit and the amount of the increase to be paid will be determined by Connect Transit, in its sole discretion, to fairly compensate for the additional duties assumed.

The employee orientation period may include a departmental orientation, as well as a new employee orientation which will explain Connect Transit's policies and fulfill mandatory requirements. The first sixty (60) days of employment are considered an orientation period. During this time, employees have the opportunity to learn about their job and to be sure they are going to be satisfied with their position. It also gives supervisors the opportunity to determine whether employees have the ability to do the job assigned.

If at any time during this period the employee decides that they are unhappy with their position or cannot adjust properly to their work assignment, they may resign. Similarly, an employee may be terminated without advance notice during the orientation period. However, the completion of the orientation period by the employer and employee in no way alters or modifies the employee-at-will status and relationship that exists between the parties.

## PERFORMANCE EVALUATIONS

Performance Evaluations are designed to encourage the discussion of performance and goals on an informational, day-to-day basis. Performance evaluations are conducted to provide both supervisors and employees the opportunity to discuss tasks, identify areas of improvement, recognize areas of strength and discuss positive approaches for meeting goals.

Performance evaluations are an ongoing two-way process. It is a joint responsibility of the employee and the employee's supervisor. In addition to regular discussions, written performance evaluations are conducted on an annual basis, coinciding with, if any, merit increase each calendar year. problem to their attention. Employees are encouraged to keep an open mind and graciously accept constructive feedback or a request to change behavior that may be affecting another employee's ability to concentrate and be productive.

With this goal in mind, no officer, director, volunteer or employee who, in good faith, reports a concern shall be subject to retaliation or, in the case of an employee, adverse employment consequences. The Human Resources Department shall address all reported concerns. All reports will be promptly investigated, and appropriate corrective action will be recommended to the Human Resource Director and General Manager, if warranted by the investigation. The Human Resources Department has the authority to retain legal counsel, accountants, private investigators, or any other resource deemed necessary to conduct a full and complete investigation of the allegations. The Human Resources Department also has the ability to refer the concern to the Normal Police Department for criminal investigation into the allegation.

## WORKPLACE ANTI-BULLYING POLICY

Connect Transit is committed to providing a safe and positive environment for all employees free from harassment, intimidation or bullying. Connect Transit desires to promote respect, tolerance and acceptance as well as strive to protect all staff from physical and emotional harm. Therefore, Connect Transit will not tolerate any form of bullying, harassment and other forms of aggression and violence of any kind in the workplace and prohibits bullying at every level of the company.

If incidents do occur, they will be dealt with promptly and effectively. This policy applies not only to the staff who directly engage in an act of bullying, but also to staff who, by their indirect behavior, condone or support another individual's act of bullying. No employee, supervisor, guest, customer or any individual with whom we do business shall condone or tolerate bullying. It is important for all employees to model respectful and civil behavior in order to promote a culture of positive behavior.

This policy prohibits every form of bullying, harassment, and cyber bullying/harassment, whether in a Company employee program, on the premises where an employee program is held, or at a sponsored employee event, whether or not held on Company premises.

#### **WORKPLACE VIOLENCE POLICY**

There will be zero tolerance for violence in the workplace amongst employees at Connect Transit. Our workplace is committed to maintaining a workplace that is free from violence or threats of violence.

All employees have the right to expect a place of employment that is free from behavior that can be considered harassing, abusive, disorderly, or disruptive. Any violent behavior or behavior that creates a climate of violence, hostility, or intimidation will not be tolerated, regardless of origin. Each and every act or threat of violence will result in an immediate and firm response that could, depending on the severity of the incident and/or other relevant considerations, include termination from employment with Connect Transit.

## **WEAPONS POLICY**

Connect Transit's policy is that no weapons of any kind are permitted on company premises, worksites, or subcontractor facilities at any time, except as is allowed by state law. Weapons may not be brought onto Connect Transit's premises, worksites, or subcontractor facilities or carried by an employees, visitor, customer or supplier.

Weapons are defined as any item readily capable of causing harm including any type of firearm, explosive weapon or knife with a blade longer than 3 inches. This policy applies to all employees, including persons who are licensed to carry concealed handguns under Illinois State Law. Employees violating this policy are subject to disciplinary action up to and including termination.

# **SAFETY**

## CONFIDENTIALITY OF MEDICAL INFORMATION

Medical information on employees is treated confidentially. No employee may disclose medical information relating to another employee except as necessary in the course of Company business or as required by law.

#### **MEDICAL EXAMINATIONS**

If an employee becomes ill or injured, he/she may be sent by Human Resources to a licensed medical provider, Occupational Health or the Emergency Room for examination and immediate first aid treatment. A decision will be made by Human Resources as to whether the employee shall return to work or be excused for the rest of the assigned shift on available leave time.

An employee injured while on duty may be covered under the provisions of the Workers' Compensation Law. Employees are required to immediately report any on the job injury to their immediate Supervisor and contact the Safety Director.

A fitness for duty examination may be requested by the Company because of observed changes in the worker's performance, restrictions established by the employee's physician, excessive absences for illness, personality changes, repeated injury, any altered work behavior that may have a medical basis, or other job-related reasons. The employee will not be billed for this examination. The physician will make a recommendation as to the employee's ability to carry out the tasks detailed in his/her job description, with or without limitations.

Employees returning from an approved medical absence shall be required to provide a physician certification regarding their medical status or have a medical examination prior to returning to work.

# RETURN TO WORK / LIGHT DUTY POLICY

It is the policy of Connect Transit to return injured employees, whenever possible, to modified light duty when an injury or illness temporarily prevents those employees from returning to their regular job. Light duty is defined as temporary jobs which allow the injured employee to continue functioning in a meaningful capacity. Light duty assignments may entail modified duties in their existing departments or temporary reassignment to another department.

To ensure the employee will not exceed the physical restrictions assigned by the treating physician, nor cause further aggravation or harm to the existing injury, the employee must have certification from the treating physician to return to work under the light duty restrictions.

An initial light duty assignment will be made for a maximum two (2) week period and must be

approved by the Human Resources Department. Any such assignment beyond the initial two (2) week period will be considered only upon receipt of updated medical evidence which will substantiate the need for continuance. However, such light duty assignments will not be made for a period greater than 90 days, without review.

All light duty assignments for an injury or illness will be made on a case by case basis by the Human Resources Department in coordination with the Department Head and/or Safety Director.

## SAFE DRIVING PRACTICES WHILE ON DUTY

Any employee who has regular driving responsibilities for Connect Transit, be it their own vehicle, or motor vehicle owned by Connect Transit, shall adhere to the following requirements:

- Must have a current valid driver's license that is appropriate for the type of motor vehicle being driven. A current copy of the employee's driver's license must be maintained in his/her personnel file.
- Before being placed in a position with driving responsibilities, the employee must provide a clean Driving Abstract from the Department of Motor Vehicles.
- The employee must keep his/her Supervisor informed of any changes in the status of his/her driver's license, including expiration, suspension or revocations.
- All motor vehicle accidents which occur while an employee is carrying out the duties of their position must be reported immediately to the employee's Supervisor.
- Any employee who drives a motor vehicle while carrying out the duties of his/her position shall not pick up passengers unless authorized by the employee's Supervisor.
- Any employee who drives a motor vehicle while carrying out the duties of his/her job description shall abide by all the current state's motor vehicle operation rules.
- Any employee who has regular driving responsibilities for Connect Transit as indicated in his/her job description and whose license has become invalid will be prohibited from driving a motor vehicle owned by Connect Transit or his/her own motor vehicle on behalf of Connect Transit.
- Employees should notify their supervisor if placed on a medication that will impair their driving ability. Employees should only inform their supervisor of the restriction, not the underlying medical condition.

If driving a motor vehicle constitutes an essential portion of the employee's duties and responsibilities as set forth in his/her job description, the employee may be subject to termination, as the employee cannot perform his/her essential job duties.

#### **WORKPLACE SAFETY AND HEALTH**

Connect Transit is vitally committed to the safety, health and well-being of all of its employees. It is the responsibility of Connect Transit to provide safe working conditions, equipment and facilities.

Supervisors are required to ensure that employees receive all necessary training, instructions and personal protective equipment to perform their jobs in the safest manner possible. It is the goal of Connect Transit to prevent an injury from occurring in the first place and to have a healthy, safe environment for our employees. It is the employee's responsibility to notify us immediately of any unsafe working condition that exists, or any injury to his/herself or co-workers. All employees are required to work diligently to maintain safe working conditions as a condition of employment. This includes, but is not limited to:

- Exercising maximum care and good judgment at all times.
- Adhering to all operating procedures.
- Immediately reporting all job injuries, incidents and near misses to the Supervisor.
- Immediately reporting all unsafe conditions, equipment and behaviors to the Supervisor.
- Using safety equipment provided by Connect Transit at all times.
- Observing all safety rules and regulations at all times.
- Notifying the work area supervisor before the beginning of the shift of any medication being taken that may cause drowsiness or other side effects that could lead to injury.

If an employee becomes injured or ill on the job, he/she must report immediately, and in not instance later than the end of the employee's shift, to the direct supervisor, Safety Director or the Human Resources Department, no matter how slight the injury may be. Employees will be asked to complete a written accident report. Follow-up action concerning all incidents will be the immediate responsibility of the employee's Supervisor.

In the event a work-related injury occurs, following is a list of what to expect:

- The injured employee and their supervisor will contact the Safety Director.
- The employee's Supervisor and Safety Director will begin an immediate investigation of the accident/injury, including interviews with any witnesses and an examination of the incident site.
- If the employee needs medical attention, a health care provider will be recommended for treatment. In the event an employee is unable to drive, other arrangements need to be made.
- Upon completion of medical treatment, the employee is expected to return the completed physician's medical report form to the Safety Director immediately and receive direction on when to return to the work site.
- Connect Transit has a "light duty" policy. We have transitional duties available. If the
  doctor releases the injured employee to light duty, the restrictions will be evaluated
  and the injured employee will be expected to be at work if scheduled and placed on
  light duty. We believe that it is better for the recovery of the employee to return to
  work.
- The injured employee may receive a phone call from Worker's Compensation, who will
  ask several questions regarding the injury. Questions should be answered honestly and

- to the best of the employee's ability.
- If the doctor feels it is medically necessary to take the injured employee off work, the first three days off work (scheduled days) are not compensable (in accordance with Illinois Workers' Compensation law). The injured employee may use sick leave or, if sick leave is not available, those days will be unpaid. If the injured employee misses more than three full workdays, he/she will receive a check from the workers' compensation carrier until he/she is released to return to work on transitional or full duty. An employee off of work due to workers' compensation must stay in communication with the Safety Director regarding work status.
- Workers' compensation fraud is illegal and may be a felony. The law prohibits giving
  false statements to obtain workers' compensation benefits and may be punishable by
  imprisonment and/or fines. Connect Transit and the workers' compensation
  insurance carrier will not tolerate work comp fraud and will aggressively prosecute
  any known fraud.

Most medical providers will bill Connect Transit directly for medical treatment. However, if an injured employee receives any bills at home, these need to be submitted to the Safety Director immediately.
